RECOVERY MONTH SEPTEMBER, 2025 EVENTS GUIDE

Welcome to the Recovery Month September, 2025 Events Guide. From art exhibitions to sober raves, comedy to concerts, dances to training courses and of course the all important recovery walks, this year's recovery month has a range of exciting events going on across the UK.

We've brought together all these events in one handy guide, so you can find inspiration, enjoyment and community. Recovery month is not just about celebrating your sobriety and community, but also about creating new connections and spreading the message that recovery is possible and worth it. So if you can, why not get along to one of these events? And if there aren't any events in your area, why not think about what you can do in your recovery community next year? And if you do decide to do something, get in touch with Performing Recovery. We'd love to hear from you.

Performing Recovery is a Community Interest Company. Our goal is to help build connections throughout the recovery community. Through our magazine, podcast, conferences and social media channels we have managed to foster new partnerships, match individual artists with organizations to support their work, help new projects get off the ground and even advise recovery groups on how to start their first projects.

We rely on the support of the recovery community. If you want to support the work we do you can subscribe to our print magazine at <https://performing-recovery.sumupstore.com> or our Patreon <https://www.patreon.com/c/PerformingRecovery>.
